Letter to Class Counsel  
Letter to Purdue Pharma  
and its owners.

My name is Derek R. Lichtenwalter  
my D.O.B is 8/21/1975, my  
SSN is 278 86 0722.

Since you have & I have been  
involved in your drugs; By selling  
me drugs I did not know  
the consequences of I have  
died twice in a year. I  
died twice last year. I ask  
can there really be a deadline  
for new claims? I relapsed last  
year, I died 2 times last  
year. Your drugs will kill me.  
they have & it not for another  
drug (Suboxone) I would be  
dead. (& Naloxone)

Please, treat me with respect  
when you pay out the claims  
remember me because I have been  
injured and still suffer in a real  
way. I am in prison, broke  
and homeless. I became addicted  
because my family Doctor prescribed  
meds, and I was not aware of  
the pain & struggle opiates,  
would give me, But you know  
full well.

my life would be completely  
different, minus your deception. If  
I would have known But I did  
not. I accept what you can  
give, but part of my troubles  
is easily verifiable, Suboxone is  
now what I'm on.
